while Patrolmen Heffernan and Bennett, of the Fifth avenue station, brooklyn, were standing on the corner of Seventh avenue and Sixth street, at 6 o'clock this morning, they were star-tled by the ringing of a burglar alarm from the direction of Fourth street, two blocks away. The policemen traced the ringing to the house 492 Fourth street, wned and occupied by John Leeming, who is away in the country with his

hole in the party wall, through which they quickly entered the house.

After searching the lower floors they crept up stairs and found a burglar crouching behind a door in one of the bedrooms. He said that he had been in the house since 8.20 o'clock last night. A full kit of burglar's tools, including fine jimmy, dark lantern, a small sledge and a brace and bit, were found beside him.

It was found that he had ransacked every room in the house. Beds were stripped, bureau drawers forced open and the contents strewn about the floors, and everything turned upside down generally.

and everything turned upside down generally.

In the dining-room on the lower floor the policemen found a large bag full of handsome portleres, silverware and clothing, which he had ready to take away when the alarm went off.

At the station-flouse the burgiar described himself as William Johnson, thirty-two years old, without home. Johnson is regarded by the police as a desperate character. His picture is No. 1558 in the Rogues' Gallery. He has just been released from Sing Sing, where he had been sent under the name of John F. Gissell, to serve a sentence of two years for burgiary.

When arraigned before Justice Tighe, in the Butter Street Police Court this morning, Johnson, alias Gissell, pleaded guilty to the charge of burgiary, and was held for the Grand Jury.

shoes. Beside the body was a black a straw hat. On a string fastened to the coat was a pair of eyeglasses.

Near the body was found an empty whiskey flask, which contained poison. The man had evidently committed sticide, as the bottle was partly emptied. Coroner Brandon, of Newtown, was summoned and ordered the body removed to Skelton's morgue at Newtown. In a pocket of the clothing was a piece of paper on which the following was written in German:

"I stand all alone in the world, with nobody to help me."

The note was unsigned, and there was nothing that would lead to the identity of the man. From the tone of the note, it is evident that the suicide of the man was caused by despondency.

Within the past week there have been four suicides in the town of Newtown.

COLORADO'S NEW CAMP. More Gold Here, It Is Said, than There Is Silver at Creede.

(By Associated Press.) MOSCA, Col., Aug. 11.-Late developments at the new gold camp, fifteen miles east of here, tend rather to increase than to allay the excitement of

the past three days. Over two hundred claims have been staked out. A town site has been selected, and enterprising merchants are rushing up store buildings and preparing for business. Town lots are claiming attention second only to mining claims.

The towns of Mosca and Garrison are nearly depopulated of their able-bodied men, and many are coming from towns further away. Old prospectors declare that, the gold ore bodies are simuly immense, and that there is more gold in Blanca than silver in Creede. On and after next Monday a daily stage will be run from Mosca to take people to and from the new camp.

After Passing a Spurious Coin They Again Dupe the Victim.

The Brooklyn police are looking for two boys about twelve years old, who are believed to be passing counterfeit money. Their arrest may lead to the capture of a gang of counterfeiters who have been getting rid of bad coin in the city for several months past.

Yesterday afternoon the two boys called at Morris Keep's cigar store, 76
Flatbush avenue, and after purchasing a package of cigarettes, tendered a quarter in payment.

One of the boys returned in about five minutes and called Mr. Keep's attention to the two 10-cent pieces which they said he had given them in change. Both coins were lead, and Mr. Keep at once gave the boy two good coins for the bad ones.

. . . It is not fair to criticise Kennedy to harshly, for few pitchers could retain their nerve against such wretched sup-port as he received. But this makes Deub's work all the more conspicuous.

It's a wonder Tommy Tucker is not compelled to abide by the rules and act withir decency. On the coaching line he stands nearly on first base, paying no regard to the limit allowed by league rules. Yesterday, while Lowe was at bat he came aimost up to the plate to coach him. While in the field, his shrieks from the bag are calculated to rattle batsmen. His insane shouts while Shirdle was getting after a fou. By caused the latter to drop the ball, and he could not restrain his propensity to howl even while standing no first the hotel. He was given the check to cash for the purpose of paying to be classed as "dirty" ball, and call for an umpire's interference. Tucker is getting to be as intolerable a nuisance as Arlie Latham.
